REQUEST FOR CERTIFICATE OF CORRECTION PURSUANT TO 37 CFR 1.322

Attention: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450

Dear Sir:

Upon reviewing the above-identified patent, Patentee noted typographical errors which should be corrected.

In the Specification:

At column 1, line 8, the element SRAM should be in all capital letters. Line 8 should read: of capacitors associated with SRAM cells.

In the Claims:

At column 7, claim 3, line 50, the word "we" should be "are". The line currently reads: and the second electrodes of which we a same coated region (emphasis added). However, as can

be found in the claims as allowed the corresponding text reads: and the second electrodes of which **are** a same coated region (emphasis added).

There was no amendment by either Patentee or the Examiner making the above changes.

This request does not involve correction of Patentee errors. Accordingly, Patentee believes no fee is due with this request. However, if the Examiner deems a fee is due, please charge our Deposit Account No. 23/2825 under Docket No. S1022.81095US00 from which the undersigned is authorized to draw.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentee respectfully solicits the granting of the requested Certificate of Correction.

Dated: January 4, 2010

Respectfully submitted,

By
